

## Cultural Heritage

The children of Montem Academy took part in a school-wide multi-cultural celebration week (dates). The Year 6 children focussed on the impact and significance of clothing and costumes on multi-cultural identity. They designed and created costumes linked to the traditional clothing of their parents and grandparents, many of whom are of mixed cultural heritage. The result is a custom-built display of costumes from around the world which is linked in to our “I’m Proud to Be...” project, where our children have proudly shown all the cultures they are part of.
