

WALT: Design and make Viking shields

Reading

Children will carry out research on different types of Viking shield and decide what makes a good shield.

Design and technology

Children will use their research to design their shields and plan the steps needed in construction.

Year 4

VIKINGS

Design and technology applying Maths skills

Plans will be used in order to make their own shield or with a partner.

Literacy

At the end, we all will write a set of instructions for KS1 on how to make a Viking shield.
