

Literacy: Write up a letter to Denise the Menace explaining the best way to make a catapult and the best material to use.

Experiment 1: Heating and Cooling

Children to think about how a material changes when you heat and cool it.

Year 2 Science Day

Experiment 3: Balloon Rockets

To see what material will allow the balloon travel further.

Experiment 2: Catapults

Children to investigate how far they can make an object travel. (Write up Literacy)
