

23<sup>rd</sup> February 2018

Dear Parents/Carers,

**Have you downloaded our FREE Montem App yet?**

Since the successful launch of the Montem App last year we now have nearly 600 subscribers to this very useful communication tool.

With school information available instantaneously users have told us that they find the FREE Montem App a great way to “keep in touch” with news, activities and events taking place in our school. If you haven’t done so already would you please take the time to download the App – it is available to download from the Apple App Store on from Google Play.

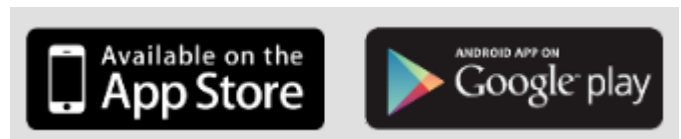

As an extra incentive **your child will receive a reward gem for his/her class if you return the slip below** confirming that you are now a subscriber. Please be aware that this App is available for all family members – we have had feedback from grandparents that they find the information provided in this way very helpful. **Instructions for how to download are display over the page.**

Should you require any information about the FREE Montem App please speak to Mrs Gibbons on 01752 528050

Yours sincerely

Mr D. Stewart  
Associate Principal

Child’s Name ..... Child’s class .....

**Please tick all boxes that apply – your child will receive extra gems if other members of your family download the Montem App**
