Dear Parents and Carers

Online Incidents

We are becoming more and more concerned about the number of incidents involving children in unkind use of, and bullying on, social media. In future we will be following these steps when an incident occurs:

Stage 1

An incident is reported to staff. It will be entered onto our safeguarding system, and the children will be spoken to about the incident and their use of social media. You will be informed of this incident on Class Dojo.

Stage 2

If another incident is reported, Mrs Probert will speak with the children involved, and you will receive a phone call.

Stage 3

If a further incident is reported, parents will be asked to come into school to meet with Mrs Probert.

Stage 4

A referral to outside agencies will be made if there are any further incidents.

We will continue to act in the best interests of our children, to keep them safe, and to ensure they understand the seriousness of social media's negative impact, as well as the positivity it can promote. Naturally if the incident is of a particularly serious nature, we may accelerate the steps taken.

Many thanks as always for your support,

Kind regards

Mrs Probert
