

# Smash Badminton

Monday 5th November a selection of our year 2 children participated in a "smash badminton" competition as part of the school games.

The children had to navigate their way around 10 stations trying to earn as many points as possible at each station. The stations would work on badminton skills such as forehand hitting, backhand hitting, serving and co-ordination.

Out of the 10 primary schools from across Slough and Langley, Montem finished in a respectable 3rd place.

Well done to all the children involved.
