

Bollywood Dance Workshop

On Wednesday 14th November, Year 3 and 4, were fortunate enough to have the opportunity to take part in a Bollywood Dance Workshop.

During the session, the children learnt some traditional Bollywood dance moves and executed them beautifully. They also had to work in groups to create a sequence of moves, which were then performed to a variety of music.

At the end of the day, the children had to perform their routines to each other in the hall, where the teachers watched on proudly as their children flourished in the spotlight. Not only did this give the children a chance to develop their PE skills, it also gave them the chance to immerse themselves in another culture and celebrate the culture of some of their peers, teaching respect and tolerance.

What a day!
